AVALON2023

AUSTRALIAN INTERNATIONAL AIRSHOW
AEROSPACE AND DEFENCE EXPOSITION

28 FEBRUARY - 5 MARCH 2023
AVALON AIRPORT, GEELONG, VICTORIA

WWW.AIRSHOW.COM.AU

The Australian International Airshow and Aerospace & Defence Exposition is a global business event, attracting senior civil aviation, air transport, aerospace and defence industry, military and government decision-makers from around the world.

AVALON 2023 is strongly supported by the Royal Australian Air Force (RAAF), Airservices Australia, the Civil Aviation Safety Authority, Defence's Capability Acquisition and Sustainment Group, the Defence Science and Technology Group and the Departments of Industry, Innovation & Science and of Infrastructure & Regional Development.

As AVALON 2023 will be a cornerstone event of the Royal Australian Air Force's Centenary Year, the RAAF will invite Air Chiefs and Air Force leaders from throughout the Indo-Asia-Pacific region and around the world to participate. In 2019, 24 Air Chiefs and Air Force leaders participated - many at Chief of Air Force, Deputy Chief of Air Force or Force Commander level.

With the support of other Australian Government agencies and a range of civil industry stakeholders, invitations are also being extended to international leaders in defence equipment acquisition, civil air transport, air traffic control, general aviation, commercial aviation and aerospace technology across the globe, with particular emphasis on the Asian and Indo-Pacific regions.

AVALON 2023 will again feature an extensive delegations management system designed to help exhibitors and delegations to connect and coordinate business engagement.

International Aerospace Industry Supply Chain Seminars will also provide platforms for companies to engage with potential partners, suppliers and customers from other nations and to identify common challenges, opportunities and solutions. Around 36 conferences, seminars and symposia were held in conjunction with AVALON 2019 to provide supplementary forums for the exchange of ideas, networking and engagement.

AVALON 2023 will be the "essential business connection"

But what is more, it will also be the international industry exposition where "business is combined with pleasure"!

The spectacular flying displays, for which Avalon is internationally renowned, are again being designed to maximise enjoyment for trade show participants. They will provide a colourful backdrop to corporate hospitality and business networking, but at the same time will be structured to minimise interruption to conferences, seminars and business meetings.

At the Australian International Airshow and Aerospace & Defence Exposition, doing business is always a pleasure - that is the "Avalon Distinction" and the "Avalon Advantage".

The business of AVALON 2023 is to do business!
